

CAMP LIBRARY Explorer Kit: **Bug Boxes**

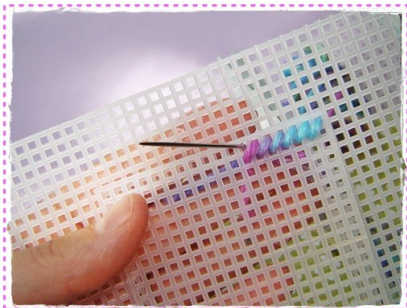

Kit Includes:

- 4 Plastic Canvas Sides, 1 Plastic Canvas Top, 1 Plastic Canvas Bottom and 1 Plastic Canvas Door
- Yarn
- Plastic Tapestry Needle (To sew the plastic canvas pieces together)
- Butterfly Button (This will be the door handle)
- Not included: Kid scissors

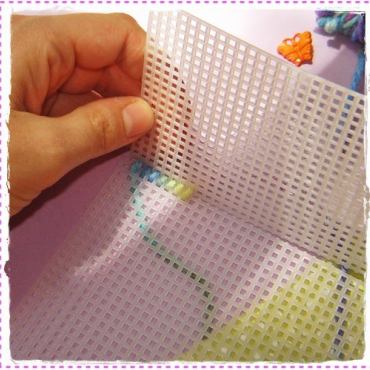

Step 1: Thread yarn through the plastic needle

Step 2: Attach the door over the hole on the top square along one side by sewing it with the yarn and needle.

Note: To get the needle to go through the mesh you will need to tug at it a bit. Younger kids might need the assistance of an older sibling or adult.

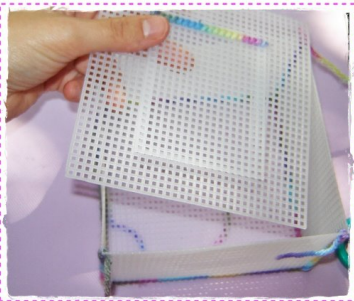

Step 3: Sew all of the sides to the bottom square

Step 4: Sew up the sides to make the bottom of the box

Step 5: Sew the top to the box and snip all the loose yarn

Step 6: Sew the button to the door to make a handle

Step 7: Find an interesting insect and learn a little bit about it before setting it free.
